Consolidation Vote Set Sat. at McCaulley, Hamlin

Voters residing within the Hamlin School District and voters residing within the McCaulley School District will vote Saturday on whether or not the two school districts shall be combined. There will be an election held in each of the school districts and results of both elections must be favorable before the districts can be consolidated.

Hamlin voters will vote at

the High School building with Mrs. Brad Rowland as the presiding judge. She will be assisted by Mrs. Joe League and Mrs. Arlie Cassie.

The election was called after petitions were presented to the County Judges in Jones and Fisher Counties.

All qualified voters residing within the two districts are eligible to vote in this election. If consolidation is approved by both districts there will be another election called by the new district for the assumption of indebtedness and levy of tax rate. Only qualified taxpayers property owners will be able to vote in this second election.

The Hamlin Board of Trustees have expressed their desire to consolidate with the McCaulley District and Board President Bill Harbert has expressed the hope that a large number of voters will turn out for the election in the Hamlin District and express their interest in the consolidation.

The McCaulley Board of Trustees is opposing the merger of the two districts and express the desire that the McCaulley School system be kept in operation.

The Hamlin School Board has made no definite plans for the future if the consolidation passes. The only thing that they know now is that the present McCaulley Grade School would be used this coming year and that all of the contracts with the McCaulley teachers would be honored.

The Board has been thinking about building programs but has had to wait on this election to know whether they need to plan for the additional 150 or more children involved if this transfer is voted.

Taxation appears to be the principle reason for calling the election with many of the landowners in the McCaulley District unhappy with the valuations in the district. While the McCaulley tax rate is

\$1.40 and the Hamlin rate is \$1.65, the valuations in the McCaulley District are much higher—\$60 on top land as compared to \$20 in the Hamlin District.

The basic issue facing the McCaulley School patrons seems to be whether they want to keep their schools and what they mean to the community or do they prefer to pool their efforts with the patrons of the Hamlin District and provide their children with greater opportunities offered by the enlarged system for less money.

Another issue in the election seems to be whether or not the land on the fringes of the McCaulley District will be allowed to transfer to an adjoining district after the consolidation. The Hamlin Board has stated that they would be willing to allow this and Jones County School Superintendent Everett Beaver has stated that he was of the opinion that the Jones County Board will be governed by the wishes of the Hamlin Board.

Maize Billbugs Causing Heavy Grain Damage

Several thousand acres of grain sorghum in Jones County have fallen over in the field says County Agent, Kirby Clayton.

The damage says Clayton is caused by a small insect called the Maize Billbug. The tiny grub bores up through the root or stem of the maize plant near the ground line interfering with growth habits of the plant and in the process of time cause the plant to mature prematurely and fall.

As a usual thing this insect is not an economic pest in Jones County, but may build up to damaging numbers by another season. Farmers who are bothered by the pest this year may want to consider control measures for next year.

Mrs. W. W. (Erma) Wallace returned last week after serving six weeks on the nursing staff of Glorietta Baptist Assembly in Glorietta, N. Mex., near Santa Fe. She served from June 9 through July 22. Her husband joined her there for the last week, returning home with her last week.

Family Night Riding Club Results

by CECELIA JOHNSON

Saturday's family night at the Hamlin Riding Club was a real dusty cool night but there were plenty of contestants ready to run. As for the dust that blows up from the arena, the club is preparing to run water lines up the sides of the arena so the riding area may be wet down before each night's performance. This work is being done so the arena may be kept in good running shape for the contestants and also for the comfort of the spectators, so they will not have to breathe and watch through a haze of dust.

Social Security Benefits to Increase With Oct. Checks

The first noticeable effect in Jones County of the 1965 Amendments to the Social Security Act, signed into law on July 30 by President Johnson, will be the receipt of some \$84,773 in extra benefit checks, due about the middle of September, according to R. R. Tully, Jr., District Manager of Social Security in Abilene. The checks arriving October 3 will be in the new amounts, totalling some \$166, 836 for Jones County.

"That sum represents the 7 per cent increase in benefits for the months of January-August", he added, "and will go to some 2776 residents of Jones County who are now receiving monthly social security checks by reason of age, disability, or the death of a parent or spouse."

Present beneficiaries will get that increase automatically, and need not write or contact their social security of- fice.

Local Post Office Employees To Take Part in PEP Program

Postmaster Perry Sparks announced today that all Hamlin Post Office employees will be asked to take part in the new Postal Efficiency Plan announced Wednesday, July 22, by Postmaster General John A. Gronouski.

"The Postal Efficiency plan includes comprehensive programs for improving postal service and reducing costs," Sparks said. "It is our way of helping President Johnson fulfill his pledge to provide more effective economical government services."

In Washington, Postmaster General John Gronouski termed the plan's twin objectives of economy and service betterment "a matter of highest priority" and called for total involvement of all employees through the Post Office sug-

gestion program.

Semi-annual reports will be made to the President, Mr. Gronouski said, and realized savings will be reverted to the Treasury or applied to improving postal service.

A local committee will be organized to fulfill the two purposes of the plan:

1. Reduce costs.

2. Improve services.

Ideas generated by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application on a national level. Employees whose ideas are adopted nation-wide will be given national awards. The Postmaster General will personally oversee the program.

Postmaster Sparks will be chairman of the local commit-

INTEGRATION PLAN FOR THE HAMLIN INDEPENDENT SCHOOL DISTRICT FOR 1965-66

PUBLIC NOTICE

The Board of Education of the Hamlin Independent School District adopted the following policies:

"By unanimous vote, the Board of Education of the Hamlin Independent School District voted to integrate all high school grades (9-12), being served by only one high school for the 1965-66 school year; also, to maintain the elementary schools as now exists (1-8) on a freedom of choice plan. This means that any child in the Hamlin Independent School District in grades one through eight may attend any school in the Hamlin school district of his choice."

Due to the above policy, a letter with a registration form grades 1-8, will be mailed you for each of your children, and we are requesting you to fill out indicating your choice of school. Also, enclosed is a self addressed envelope to the superintendent of schools, to be used for returning your forms. This form must be returned by August 15, 1965. The high school students have already registered for the 1965-66 school year.

After we receive the registration forms of choice of schools by the students, there will be registration for the 6, 7, and 8th grades on August

25, 26, and 27, 1965 at the school they choose to attend, beginning at 9:00 a. m. each day.

This choice is granted to you for your child.

Any pupil who does not make a choice of the school he desires to attend, will be enrolled in the school nearest his residence where space is available, without regard to race, color or national origin.

No teacher, principal or other official is permitted to advise you or make any recommendations or otherwise influence your decision. No child will be favored or penalized because of the choice made.

Pupil placement, in case of over-crowded results, at any school from the choice made, preference will be given those pupils choosing the school who lives closest to school, without regard to race, color, or national origin or prior attendance at the school.

There will be no discrimination based on race, color, or national origin in any school connected services, facilities, activities or programs. Our transportation for the 1965-66 school year will be integrated.

The integrated plan described above is only for one year 1965-66. New plans must be submitted each year, hence,

Bill Harbert, President of School Board Hamlin Independent School.

JONES COUNTY PUBLIC SCHOOLS

EVERETT BEAVER, SUPERINTENDENT

ANSON, TEXAS 79501

August 2, 1965

TO WHOM IT MAY CONCERN:

It is my opinion that the County Board of
School Trustees of Jones County will give
a great deal of consideration to the
wishes of the Board of Trustees of Hamlin
Independent School District concerning the
transfer of territory from the Hamlin Inde-
pendent School District to any adjoining school
district or districts. This is to say that, in my
opinion, the County Board of School Trustees
of Jones County will be governed to a great
extent by the desire of the Hamlin School
Board.

Respectfully submitted,
Everett Beaver (signed)
Everett Beaver, Supt.
Jones County Schools

NOTICE

Dear Voters:

The McCaulley School Board is very concerned about the consolidation
election to be held August 7, at McCaulley and we wish to urge every qual-
ified voter to vote in this election. We would like for you to know that the en-
tire board would like to keep our school at this time.

Please consider these facts:

The McCaulley School is approved by the Texas Education Agency. They
are experts in the field of Education and they have not asked us to give up
our school.

Judge Perkins states that any transfer of land in Fisher County must have
the approval of the County School Board and not the Hamlin School Board.
The Fisher County School Board is 100% opposed to the consolidation. It
is our feeling that county board should be the ones to divide the McCaulley
School District if and when the people want it divided.

The County School Superintendent of Jones County, Mr. Everett Beavers,
has told one of our board members that the Jones County Board had only
transferred land from one district to another one time that he could remem-
ber and that they had regretted that. He also stated the possibility of any
transfer of land after a consolidation would be very doubtful.

McCaulley School enrollment was over 150 last year. Our enrollment will
be around 170 this year. Our teachers are all qualified; we also have a part
time nurse, a counselor and are now qualified in the county unit for a spe-
cial teacher for the mentally retarded. This gives us eleven teachers plus three
part time teachers.

Hamlin School is operating under Senate Bill 116 with a present tax rate
of \$1.65 which can be raised to \$2.00 by the Hamlin School Board. If you
compare the cost of the two schools we ask you to compare our cost with
Hobbs, a school our size and compare Hamlin with Rotan, or a school their
size. Our tax rate can not be over \$1.50 and will be between \$1.30 and \$1.40
this year. It is true we have asked for a tax raise. This is the second tax
raise we have had since 1934. It will take care of our school needs for many
years.

**We Urge You to Give Us Your Support, Saturday, Aug-
ust 7, to keep our School, Churches and Community
Together!**

Nominees for ASC Committees Now Being Accepted In Anson

Slates of nominees for membership on ASC Community committees soon will be established at the ASCS County Office. The present ASC Committee is making a special effort to encourage the greatest possible participation of eligible voters in the election. Any local resident who is eligible to take part in an ASCS farm program may vote and may hold office as a committee member regardless of race, color, creed or national origin.

J. Noel Weaver, chairman, Jones County Agricultural Stabilization and Conservation Committee, said today that farmers who are eligible to vote in the committee elections also have the right to nominate as candidates for committee membership any farmer who is eligible and willing to serve. Such petitions, each one nominating one farmer and signed by six or more eligible voters, may be filed at the County Office any time before August 19, 1965. Eligible voters may sign as many petitions as they wish.

Additional nominations may be made by the incumbent ASC Community and County Committees.

The election of ASC community committees throughout Jones County will be held by mail in early September. Ballots will be mailed August 27, and September 8 will be the final date by which ballots must be postmarked or returned to the County Office in person.

Boundaries of the four communities, A, B, C, and D, coincide with the boundaries of the County voting precincts 1, 2, 3, and 4, respectively.

For added protection and to preserve the ice cover the well with a wet tow sack.

Consolidation Vote Set Sat. at McCaulley, Hamlin

Voters residing within the Hamlin School District and voters residing within the McCaulley School District will vote Saturday on whether or not the two school districts shall be combined. There will be an election held in each of the school districts and results of both elections must be favorable before the districts can be consolidated.

Hamlin voters will vote at the time of the death, a member of the Board of Trustees of McMurry College and a member of the Board of Directors of the Federal Land Bank Association.

He had been a member of the Hamlin Lions Club for 25 years and had served as president. He had been very active on the district level, serving in each of the offices leading up to the District Governor's office. He had also been a director of the Lions Crippled Children's Camp at Kerrville.

Mr. McBride was a former mayor of the City of Hamlin.

He retired from the cotton business in 1963, after 35 years in the profession. He was inventor and manufacturer of a cotton bale clock that is being used as an advertising item for firms related to the cotton industry.

Born Luther Herman McBride, June 25, 1901, in Stephen County, he was the son of the late Mr. and Mrs. Fred McBride.

He was married to the former Bonnie Windle in Lone Wolf, Okla., Aug. 3, 1924. They observed their 41st anniversary Tuesday. They have lived in Hamlin since 1933, moving here from Lamesa.

Survivors include the wife; one daughter, Mrs. W. T. (Anna Margaret) Johnson, two sisters, Mrs. Bert Pruitt of Breckenridge, Mrs. Hosie Sikes of Abilene; one brother, Herbert of Houston; and three grandchildren, Margaret Ann, Bill and Jim Johnson.

Mr. and Mrs. Charles Absher and daughters spent Saturday and Sunday in Mart visiting his mother and later visited Mrs. Absher's cousin and family in Richardson. Mr. and Mrs. David Bunting.

The High School building with Mrs. Brad Rowland as the presiding judge. She will be assisted by Mrs. Joe League and Mrs. Arlie Cassle.

The election was called after petitions were presented to the County Judges in Jones and Fisher Counties.

All qualified voters residing within the two districts are eligible to vote in this election. If consolidation is approved by both districts there will be another election called by the new district for the assumption of indebtedness and levy of tax rate. Only qualified taxpayers owning property will be able to vote in this second election.

The Hamlin Board of Trustees have expressed their desire to consolidate with the McCaulley District and Board President Bill Harbert has expressed the hope that a large number of voters will turn out for the election in the Hamlin District and express their interest in the consolidation.

The McCaulley Board of Trustees is opposing the merger of the two districts and express the desire that the McCaulley School system be kept in operation.

The Hamlin School Board has made no definite plans for the future if the consolidation passes. The only thing that they know now is that the present McCaulley Grade School would be used this coming year and that all of the contracts with the McCaulley teachers would be honored.

The Board has been thinking about building programs but has had to wait on this election to know whether they need to plan for the additional 150 or more children involved if this transfer is voted.

Taxation appears to be the principle reason for calling the election with many of the landowners in the McCaulley District unhappy with the valuations in the district. While the McCaulley tax rate is

\$1.40 and the Hamlin rate is \$1.65, the valuations in the McCaulley District are much higher—\$60 on top land as compared to \$20 in the Hamlin District.

The basic issue facing the McCaulley School patrons seems to be whether they want to keep their schools and what they mean to the community or do they prefer to pool their efforts with the patrons of the Hamlin District and provide their children with greater opportunities offered by the enlarged system for less money.

Another issue in the election seems to be whether or not the land on the fringes of the McCaulley District will be allowed to transfer to an adjoining district after the consolidation. The Hamlin Board has stated that they would be willing to allow this and Jones County School Superintendent Everett Beaver has stated that he was of the opinion that the Jones County Board will be governed by the wishes of the Hamlin Board.

Maize Billbugs Causing Heavy Grain Damage

Several thousand acres of grain sorghum in Jones County have fallen over in the field says County Agent, Kirby Clayton.

The damage says Clayton is caused by a small insect called the Maize Billbug. The tiny grub bores up through the root or stem of the maize plant near the ground line interfering with growth habits of the plant and in the process of time cause the plant to mature prematurely and fall.

As a usual thing this insect is not an economic pest in Jones County, but may build up to damaging numbers by another season. Farmers who are bothered by the pest this year may want to consider control measures for next year.

Silencing the Bow

Why take a chance that even the slightest twang of a bow string might scare game and give away your position? You can silence your bow string with rubber bands cut from an inner tube. Bands should be at least six inches long and tied top and bottom to bow string about two inches from tip.

Local Post Office Employees To Take Part in PEP Program

Postmaster Perry Sparks announced today that all Hamlin Post Office employees will be asked to take part in the new Postal Efficiency Plan announced Wednesday, July 22, by Postmaster General John A. Gronouski.

"The Postal Efficiency plan includes comprehensive programs for improving postal service and reducing costs," Sparks said. "It is our way of helping President Johnson fulfill his pledge to provide more effective economical government services."

In Washington, Postmaster General John Gronouski termed the plan's twin objectives of economy and service betterment "a matter of highest priority" and called for total involvement of all employees through the Post Office suggestion program.

Semi-annual reports will be made to the President, Mr. Gronouski said, and realized savings will be reverted to the Treasury or applied to improving postal service.

A local committee will be organized to fulfill the two purposes of the plan:

1. Reduce costs.
2. Improve services.

Ideas generated by individual employees will be taken up by the committee. Accepted ideas will be passed on to Washington for possible application on a national level. Employees whose ideas are adopted nationwide will be given national awards. The Postmaster General will personally oversee the program.

Postmaster Sparks will be chairman of the local committee.

INTEGRATION PLAN FOR THE HAMLIN INDEPENDENT SCHOOL DISTRICT FOR 1965-66

PUBLIC NOTICE

The Board of Education of the Hamlin Independent School District adopted the following policies:

"By unanimous vote, the Board of Education of the Hamlin Independent School District voted to integrate all high school grades (9-12), being served by only one high school for the 1965-66 school year; also, to maintain the elementary schools as now exists (1-8) on a freedom of choice plan. This means that any child in the Hamlin Independent School District in grades one through eight may attend any school in the Hamlin school district of his choice."

Due to the above policy, a letter with a registration form grades 1-8, will be mailed you for each of your children, and we are requesting you to fill out indicating your choice of school. Also, enclosed is a self addressed envelope to the superintendent of schools, to be used for returning your forms. This form must be returned by August 15, 1965. The high school students have already registered for the 1965-66 school year.

After we receive the registration forms of choice of schools by the students, there will be registration for the 6, 7, and 8th grades on August

25, 26, and 27, 1965 at the school they choose to attend, beginning at 9:00 a. m. each day. This choice is granted to you for your child.

Any pupil who does not make a choice of the school he desires to attend, will be enrolled in the school nearest his residence where space is available, without regard to race, color or national origin. No teacher, principal or other official is permitted to advise you or make any recommendations or otherwise influence your decision. No child will be favored or penalized because of the choice made.

Pupil placement, in case of over-crowded results, at any school from the choice made, preference will be given those pupils choosing the school who lives closest to school, without regard to race, color, or national origin or prior attendance at the school.

There will be no discrimination based on race, color, or national origin in any school connected services, facilities, activities or programs. Our transportation for the 1965-66 school year will be integrated. The integrated plan described above is only for one year 1965-66. New plans must be submitted each year, hence Bill Harbert, President of School Board Hamlin Independent School.

Family Night Riding Club Results

by CECELIA JOHNSON

Saturday's family night at the Hamlin Riding Club was a real dusty cool night but there were plenty of contestants ready to run. As for the dust that blows up from the arena, the club is preparing to run water lines up the sides of the arena so the riding area may be wet down before each night's performance. This work is being done so the arena may be kept in good running shape for the contestants and also for the comfort of the spectators, so they will not have to breathe and watch through a haze of dust.

Social Security Benefits to Increase With Oct. Checks

The first noticeable effect in Jones County of the 1965 Amendments to the Social Security Act, signed into law on July 30 by President Johnson, will be the receipt of some \$84,773 in extra benefit checks, due about the middle of September, according to R. R. Tully, Jr., District Manager of Social Security in Abilene. The checks arriving October 3 will be in the new amounts, totalling some \$166, 836 for Jones County.

"That sum represents the 7 per cent increase in benefits for the months of January-August", he added, "and will go to some 2776 residents of Jones County who are now receiving monthly social security checks by reason of age, disability, or the death of a parent or spouse."

Present beneficiaries will get that increase automatically, and need not write or contact their social security office.

NOTICE

Dear Voters:

The McCaulley School Board is very concerned about the consolidation election to be held August 7, at McCaulley and we wish to urge every qualified voter to vote in this election. We would like for you to know that the entire board would like to keep our school at this time.

Please consider these facts: The McCaulley School is approved by the Texas Education Agency. They are experts in the field of Education and they have not asked us to give up our school.

Judge Perkins states that any transfer of land in Fisher County must have the approval of the County School Board and not the Hamlin School Board. The Fisher County School Board is 100% opposed to the consolidation. It is our feeling that county board should be the ones to divide the McCaulley School District if and when the people want it divided.

The County School Superintendent of Jones County, Mr. Everett Beavers, has told one of our board members that the Jones County Board had only transferred land from one district to another one time that he could remember and that they had regretted that. He also stated the possibility of any transfer of land after a consolidation would be very doubtful.

McCaulley School enrollment was over 150 last year. Our enrollment will be around 170 this year. Our teachers are all qualified; we also have a part time nurse, a counselor and are now qualified in the county unit for a special teacher for the mentally retarded. This gives us eleven teachers plus three part time teachers.

Hamlin School is operating under Senate Bill 116 with a present tax rate of \$1.65 which can be raised to \$2.00 by the Hamlin School Board. If you compare the cost of the two schools we ask you to compare our cost with Hobbs, a school our size and compare Hamlin with Rotan, or a school their size. Our tax rate can not be over \$1.50 and will be between \$1.30 and \$1.40 this year. It is true we have asked for a tax raise. This is the second tax raise we have had since 1934. It will take care of our school needs for many years.

We Urge You to Give Us Your Support, Saturday, August 7, to keep our School, Churches and Community Together!

JONES COUNTY PUBLIC SCHOOLS

EVERETT BEAVER, SUPERINTENDENT

ANSON, TEXAS 79501

August 2, 1965

TO WHOM IT MAY CONCERN:

It is my opinion that the County Board of School Trustees of Jones County will give a great deal of consideration to the wishes of the Board of Trustees of Hamlin Independent School District concerning the transfer of territory from the Hamlin Independent School District to any adjoining school district or districts. This is to say that, in my opinion, the County Board of School Trustees of Jones County will be governed to a great extent by the desire of the Hamlin School Board.

Respectfully submitted, Everett Beaver (signed) Everett Beaver, Supt. Jones County Schools

Nominees for ASC Committees Now Being Accepted In Anson

States of nominees for membership on ASC Community committees soon will be established at the ASCS County Office. The present ASC Committee is making a special effort to encourage the greatest possible participation of eligible voters in the election. Any local resident who is eligible to take part in an ASCS farm program may vote and may hold office as a committeeman regardless of race, color, creed or national origin.

J. Noel Weaver, chairman, Jones County Agricultural Stabilization and Conservation Committee, said today that farmers who are eligible to vote in the committee elections also have the right to nominate as candidates for committee membership any farmer who is eligible and willing to serve. Such petitions, each one nominating one farmer and signed by six or more eligible voters, may be filed at the County Office any time before August 19, 1965. Eligible voters may sign as many petitions as they wish.

Additional nominations may be made by the incumbent ASC Community and County Committees.

The election of ASC community committees throughout Jones County will be held by mail in early September. Ballots will be mailed August 27, and September 8 will be the final date by which ballots must be postmarked or returned to the County Office in person.

Boundaries of the four communities, A, B, C, and D, coincide with the boundaries of the County voting precincts 1, 2, 3, and 4, respectively.
